

BUILDING EUROPEAN COMMUNITIES' RESILIENCE AND SOCIAL CAPITAL

BUILDING EUROPEAN COMMUNITIES' RESILIENCE AND SOCIAL CAPITAL

RISK PERCEPTIONS AND TRUST NETWORKS OF INDIVIDUALS

INSTITUTIONAL PREPAREDNESS AND RISK MANAGEMENT

RESILIENCE TECHNOLOGIES & TOOLS

SOCIAL CAPITAL FOR RESILIENCE

BuildERS shall target for increasing the social resilience capital of European communities and citizens. It will do this genuinely co-designing processes and tools with citizens, first-responder organisations and tool developers. The project will incorporate an inclusive and interactive research and analysis process, where the results are not derived 'top-down' but through a 'bottom-top' dynamic interaction.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 833496
